Price: \$150.00 for 20 participants (\$10.00 pp after the first 20 participants)

In this activity, your group will split into teams and be given a raw egg and supplies to build a protective contraption around the egg. Teams will design their contraptions with one objective in mind – to protect the egg from large falls. Teams will be given a time limit to build their protective contraption. When time runs out, teams will put their contraptions to the test by dropping them all, at the same time, from various heights until there is only one egg left standing! Last egg left wins the competition.

The goal is to communicate with the other team and create an operational bridge once the two halves are joined!

Blind Retriever

Activity Time: 60 minutes

Price: \$200.00 for 20 participants (\$10.00 pp after the first 20 participants)

In this challenging outdoor activity, teams compete against each other to try to retrieve an object – while blindfolded. One person is blindfolded on each team and, using only directions and simple commands from their teammates, they must try to find their designated object before their opponents do. Each team member will be blindfolded once. The team who finds their object first the most times wins the competition!

Mine Field

Price: \$200.00 for 20 participants (\$10.00 pp after the first 20 participants)

In this activity, your group will be split into teams. Each team will be assigned a mine field lane. In their lane, they will have obstacles to avoid while blindfolded. Each team member will be blindfolded once. The non-blindfolded team members must lead and direct their blindfolded teammate from one side of the space to the other – without stepping on any of the objects! Whichever team gets to the other side first the most times wins the competition!
